

Important Insurance Notice

Effective January 1, 2027, Griffin Eye Center will no longer participate with Humana Medicare Advantage plans.

Patients currently covered by a Humana Medicare Advantage plan who wish to continue receiving care at Griffin Eye Center in 2027 will need to select a different Medicare coverage option.

Because some evaluations and surgical care require multiple visits over time, we will be unable to begin certain evaluations for Humana Medicare Advantage patients if the necessary care cannot be completed before December 31, 2026.

Griffin Eye Center accepts **Original Medicare (traditional Medicare)** as well as a number of Medicare Advantage plans from other insurance carriers.

Medicare Open Enrollment is **October 15 through December 7, 2026**, and coverage changes made during this period generally take effect January 1, 2027. We encourage patients to contact Medicare, their insurance representative, or a licensed insurance agent to review their individual coverage options and confirm that Griffin Eye Center is in-network before selecting a plan.

Thank you,

Griffin Eye Center Management
